

Reference File # RM-10803

I'm very concerned about the content of the Bob and Madison show where drivers of cars and trucks were encouraged to run cyclists off of the road. This is endorsing violence against another person. Thus, if a person is injured or killed by a listener of this show, Clear Channel is liable. As a cyclist who was once hit from behind by a car traveling 60 mph and left for dead I take a special interest in putting a halt to talk that is so life-threatening. I'm asking that this show be cancelled and Clear Channel have it's license revoked.
